 President, PSWSFA

The event began on Friday evening with a captains meeting and a barbecue. It finished Saturday evening with the awards presentations and a seafood party. In between these two, there was a lot of action and it was not all flounder fishing. It takes a lot of work by a lot of volunteers to set up for this event each year. A line of storms came through Friday night and wiped out everything. All of the tables and chairs were blown all over the place. It looked like a disaster area. The word "heartbreaking" was used many times. The volunteers fishing wished those staying behind, the best of luck and just hoped something could be done in time for the party. When we got back in, we were amazed at what those people were able to do. I do not know all that helped out but some are: Charles Southall, John Hunt, Mike and Christy Hanna and some very fast, emergency deliveries and set up by ABZ Rentals. It looked like nothing had happened at all. 117 boats fished this year's event. Boats were greeted by rough seas left over from the storm front. It calmed down as the day progressed and it turned out to be a very nice day on the water. Large flounder proved to be hard to come by for most of the fleet. Boats using wire-line to work hard structure had the most success. The Flounder Bowl is made possible through the hard work of many volunteers and it is only possible with the support of the amazing sponsors.

Use a club "Official Entry Form" and weigh in fish at any Va. Saltwater Tournament official weigh station. Record the weight of fish, date and time caught and have the weigh master sign the form to verify catch. If two identical fish are caught on the same day, the earlier fish wins. That is why time is so important. Rick will also have the club scale at the picnic to weigh fish caught and brought to the picnic at Dare.

ATTENTION CLUB MEMBERS: PSWSFA Forum's Board

As a member of the club, you have access to the club Forum's Board. It's a great place to find out what's happening, post your fishing pictures, and there's even a place to post your fishing items that you want to sell or swap for something else. All you need to do is send Gary Donaldson an e-mail telling him that you would like to join and he will set you up. Gary's e-mail is garyd66@cox.net.
